Memorandum For: All Holders of "Marine Science Annex, Project ARGO"

Subj: Required alteration and changes for the Marine Science Annex -  
Report Project ARGO, 1 May 1969, [redacted]

25X1

Encl: (1) Special Handling Caveats (2)  
(2) Replacement page - Appendix - sheet 40 of 50  
(3) Corrected page - Illustration sheet 14 of 50

1. On the hard cover it is necessary to include the Special Handling caveat specified for all volumes of the ARG0 Report. Each numbered copy of this report shall be altered to conform to the following requirements:

a. Attach securely under the word "ANNEX" on the front of the blue binder the enclosed "Special Handling caveat." Please be sure to burnish the note securely to the cover after removing the adhesive backing.

b. Remove present blue index tab, sheet 40 of 50, and the numbered pages 41, 42 and 43 and file separately, stapled together. Cover the current camera note on this blue index stock with the second note, removing the adhesive backing.

c. Insert in book the new blue appendix tab indicating the removal of pages 41, 42, 43.

2. Remove and destroy sheet 14 and replace with the revised sheet 14.

3. This security change and alteration are requested at the direction of the Special Security Center responsive to the Director of Central Intelligence for the protection of sensitive information provided for use in the conduct of PROJECT ARG0.

4. This action should be accomplished w/o delay. The return of the document control card indicating receipt of materials will be the indication to the undersigned that this action has been completed.

Most respectfully,

Attention:  
TCO, Dir., National Photographic  
Interpretation Center  
Central Intelligence Agency

SPECIAL HANDLING REQUIRED

THIS PUBLICATION IS TO BE DISSEMINATED ONLY ON A MUST KNOW BASIS IN KEEPING WITH THE PROVISIONS OF TCS-3237-58 (ARC-M-82) AS INDICATED BY THE SPECIAL HANDLING REQUIRED CONTROL STAMP. THE USE OF THIS PUBLICATION IS LIMITED TO AUTHORIZED PERSONNEL WHO REQUIRE THE INFORMATION FOR EVALUATION AS AN INPUT TO CIVILIAN AGENCY PLANNING AND DESIGN OF FUTURE SYSTEMS. IN VIEW OF THEIR EXTREME SENSITIVITY, CAMERA CHARACTERISTICS AND PERFORMANCE DATA SHALL NOT BE EXTRACTED FROM THIS DOCUMENT.

NOTE: APPENDIX A MUST BE DETACHED FROM THE REPORT UNLESS IT IS ESTABLISHED THAT THE CAMERA DATA AND RELATED INFORMATION IS REQUIRED BY AUTHORIZED PERSONNEL FOR EVALUATION AS AN INPUT TO CIVILIAN AGENCY PLANNING, EXPLOITATION, AND APPLICATION TO CIVILIAN PURSUITS. IN VIEW OF THEIR EXTREME SENSITIVITY, CAMERA CHARACTERISTICS AND PERFORMANCE DATA SHALL NOT BE EXTRACTED FROM THIS APPENDIX A.

# GREENLAND GLACIER AND ICEBERG SURVEILLANCE

Figure 10. Photographs of selected areas of Greenland illustrate the definition that can be obtained of glacial activity, the calving of icebergs, and the density distribution of ice and hazards to navigation in ocean passages. Such studies are designed to expand knowledge of polar ice budgets and their effect upon global weather and to improve ice forecasting models, the operational deployment of icebreakers, and the routing of ships. Such photography can supplement limited conventional forces in generating data for operational planning and polar research and development.
